

CLARITY  
**DEFENDER™**

**AUTOMOTIVE APPLICATION INSTRUCTIONS**

**LESS THAN 15 MINUTES TO APPLY!**

Clarity DEFENDER™ windshield treatment, powered by nanotechnology, provides up to a year of "Safety you can see, rain or shine."

Defender repels rain and makes it easier to remove snow and ice. Plus bird droppings, and bugs wipe off easily.

**For best results** - Apply to cool glass. Never work in direct sunlight. Do not apply below 55°F. Do not apply in excessively dry or humid conditions. Apply in a well-ventilated area.

\* Durability may vary with type, age and cleanliness of glass surface.

**1**  
STEP

**CLEAN**

**Clean all glass thoroughly** with ammonia-based glass cleaner.\*  
**Dry thoroughly**  
**No need to mask.** DEFENDER won't harm paint or trim.

**2**  
STEP

**ACTIVATE**

**Place pliers** on mark as indicated on label.  
**Squeeze applicator until you hear the glass vial inside break.** Keep applicator upright until ready to use.  
**Point sponge tip down until wet,** when ready to use.

**3**  
STEP

**APPLY**

**Working on one window at a time, apply DEFENDER in a circular motion** with sponge tip to thoroughly coat glass.  
**Shake applicator** occasionally to keep sponge wet.  
**Completely cover glass with DEFENDER.**

**4**  
STEP

**IT'S WORKING**

**The active chemical ingredients immediately bond to the glass and repel the solvent,** which will bead and roll off.  
**Run-off won't hurt the paint or trim.**

**5**  
STEP

**WAIT**

**Wait one minute.**

**6**  
STEP

**WIPE**

**Wipe off excess** with a dry microfiber cloth.  
No buffing required.

NOTE: Contents are combustible. Do not attempt to open applicator. Keep out of reach of children. Questions? Call Nanofilm
